Whatever the occasion, we're all about adding a fun dose of creativity to it with our 'award-winning' workshops!

It's not always easy to come up with a unique idea for an event, something that you know your friends and loved ones are sure to remember for years to come! That's why we've made it easy for you to add a little 'Charcoal and Champagne' to your celebrations for a guaranteed way to make an impact in **all the best ways**.

Learn through fun!

Our **Charcoal and Champagne** workshops give individuals, who may have 'strayed' from their childhood creative selves, a unique opportunity to rediscover what it feels like to be an artist whilst confronting their hesitation towards drawing ... **armed with charcoal in one hand, and a glass of bubbly in the other.**

Your guests will feel challenged but not embarrassed or out of place as there is *no right or wrong* in our workshops, but rather, they are designed to inspire and push people's own idea of what is possible, even among the most 'creative' of individuals – **and laughter is guaranteed!**

We believe a **successful event is in the detail**, so we bring everything from the lighting to fabulous music – and our fully guided classes are structured so that **all your guests**, no matter how 'amateur' an artist they believe they are, will have a fantastic time. **They might even learn something and leave as inspired 'budding artists'!**
