WE ARE PROUD TO BE
OFFICIAL
SPONSORS OF

**WORLD VISION, THE BREAST CANCER
NETWORK OF AUSTRALIA (BCNA)
AND THE BREAST CANCER AOTEAROA
COALITION IN NEW ZEALAND (BCAC).**

We invite you to help our fundraising initiatives during our
Charity months of April and October. Ask your LeRêve
Consultant how you can get involved.

WORLD VISION AUSTRALIA

It's a scary fact... 25,000 children die each day from preventable or treatable causes. World Vision is an international organisation dedicated to assisting poor communities in approximately 100 countries by providing short-term emergency relief and long-term community development projects that target problems such as malnutrition, disease, unemployment, illiteracy, landlessness and economic dependency. World Vision's 'Sponsor a Child' program has an immense positive impact in poor villages. As a child is given the opportunity of being well clothed and fed and then educated, his/her family also benefits and as the family rises out of poverty, the entire village prospers. LeRêve is proud to sponsor 100 children – many of whom are personally sponsored by our Consultants.

BREAST CANCER NETWORK AUSTRALIA

Breast cancer is the most common cancer affecting Australian women. Approximately 20,000 women and 200 men will be diagnosed with breast cancer this year – that's an average of 55 Australian's per day. Breast Cancer Network Australia (BCNA) works with governments and health service providers to ensure that all Australians can get affordable access to the latest breast cancer treatment and care. BCNA's logo is the Pink Lady silhouette – symbolic of BCNA's focus on the people affected by breast cancer, not the disease. LeRêve proudly supports BCNA with a variety of fundraising initiatives including our October Breast Cancer Charity Month.

BREAST CANCER AOTEAROA COALITION

Breast cancer is the most common form of cancer affecting New Zealand women. More than 3000 women and around 20 men will be diagnosed with breast cancer this year – that's an average of 9 New Zealander's per day. The Breast Cancer Aotearoa Coalition (BCAC) is an organisation run by breast cancer survivors that makes world-class detection, treatment and care accessible to everyone with breast cancer in Aotearoa / New Zealand. BCAC provides information, advice and comfort to those whose lives are so dramatically and suddenly changed by this horrible disease. LeRêve proudly supports BCAC with a variety of fundraising initiatives including our October Breast Cancer Charity Month.

Social SMELLING SESSIONS

Forget about spraying a cheap 'eau de toilette' fragrance tester on a card in a department store. The only way to truly test if a Perfume matches your personal chemistry is by applying it on the skin, giving it time to settle, and evaluating the developed scent.

LeRêve has made Perfume sampling fun and informative. Invite your friends over for a Social Smelling Session where a trained LeRêve Perfume Consultant will present the latest Perfume innovations and assist you to find your perfect Perfume match. Hosts are rewarded with free gifts and discounted shopping – ask your Consultant for details.
