

At NZ Tiny Living, we strive to provide solutions for people to achieve their tiny home dreams. We offer a wide range of building options plus finance and site rental possibilities. NZ Tiny Living has the largest range of units on display in the South Island.

If you would like to live in a tiny house, NZ Tiny Living can make your dream a reality with your own uniquely designed tiny home.

What you want matters!

NZ Tiny Living

Our passion is to bring your individual tiny home ideas to reality. We make the most out of small spaces with our smart design tiny homes.

- ✓ Tiny houses on wheels
- ✓ Affordable solution for simplified, comfortable living.
- ✓ Truck-home conversions
- ✓ Kitsets with building support
- ✓ Custom-built trailers

Land Options

We have land currently available for rent in the Canterbury region.

Off-Grid Solutions

Solar Trailer

For larger Tiny Homes, to help conserve weight and have easier access to the solar panels, when it comes to positioning them, a "solar Trailer" is best. This single axel trailer holds the solar panels, battery bank and backup generator.

Fresh & Waste Water Concerns?

We offer solutions to suit every need. Your tiny home can have an inbuilt holding tank or even a 1,500 litre storage tank on its own easy-to-move trailer.

This freezer truck is being converted for Nicola & David.

Our Tiny House Product Range

Custom Builds
