- **Cretecote Top Coat** - a smooth concrete paint for colouring concrete.
- **Cretecote Sand Finish** - a textured concrete paint for colouring concrete.
- 5L, 10L and 15L sizes

## Interior and Exterior Paint

### INTERIOR PAINT

- Tintable to a wide range of colours
- Low VOC, water-based paint that has excellent opacity and is quick drying
- Mark and stain resistant
- 1L, 2L, 5L, 10L and 15 sizes

### EXTERIOR PAINT

- Tintable to a wide range of colours
- Self-priming, low VOC, quick drying and washes up in water
- Formulated to be resistant to dirt, mould and stains as well as UV resistant
- 1L, 2L, 5L, 10L and 15 sizes

### CEILING FLAT

- 100% acrylic flat finish paint for interior ceilings
- Excellent opacity and is a low splatter formula that washes up in water
- Available in white and a variety of colours that can be tinted from white
- 5L, 10L and 15L sizes

### WATER BASED ENAMEL

- 100% acrylic paint finish designed for interior and sheltered exterior trim surfaces such as doors, frames, skirting boards and windows
- Non-yellowing formula, low odour, durable with excellent flow and washes up with water
- 1L, 2L, 5L and 10L sizes

### 3 IN 1 MULTI-PREP

- Sealer, primer and undercoat for interior and exterior surfaces including wallboards, timber, masonry, metal and previously painted surfaces
- Stain and tannin blocking abilities as well as excellent adhesion properties
- 1L, 2L, 5L, 10L and 15L sizes

### WALLBOARD SEALER & UNDERCOAT

- Ideal for sealing and undercoating interior and exterior surfaces including wallboards, timber, masonry and previously painted surfaces
- Low VOC, acrylic formula, excellent opacity
- 5L, 10L and 15L sizes
