rug store

Rugs have to be one of the easiest ways to refresh a room, not to mention one of the most affordable methods! The size, colour, shape, and material of the rug you choose will play a significant role in the overall scheme of the space.

In an Australian home, open plan living, indoor-outdoor aspects and a love of hard flooring, mean rugs are commonplace. In this beautiful coastal escape, rugs have been used to create warmth, and a cohesive aesthetic while practically enhancing the space.

hybrid *flooring*

Hybrid floors are the amalgamation of the very best qualities of vinyl and laminate. The result is one of the most popular hard flooring styles on the market, for good reason. It's beautiful to look at and walk across. A dream to maintain and the clincher, its waterproof.

Using the latest technology, it ticks all of the boxes. It's waterproof, resilient and available in a wide range of beautiful designs.

twist

A cut pile (twist) carpet can add a soft, comfortable finish to an interior space. Perfect for bedrooms and living rooms. Cut piles can move and cause light to reflect differently in different places. This effect is known as shading.

loop

A resilient, durable carpet for high traffic areas, the loop pile yarn adds considerable strength and resistance. Loop pile carpets with an even height provide a tidy, linear style perfect for a modern interior. Loop pile carpets are easy care as they don't show footprints and hide soil and dirt well.
