

move homes

We build more than homes, we create lifestyles

Over the last 50 years we have proudly built more than 15,000 homes for Australian families. Backed by three generations of registered builders, we are still the same WA family owned company that started in 1969.

As a part of The Prime Group, we do more than just build homes thanks to our diverse property and construction capabilities.

We are involved in the development of land estates and have a rental portfolio that provides sustainable cashflow.

We also own our offices!

12 Month Maintenance

You get peace of mind knowing that we'll be there to help.

Custom Homes

All our expertly designed homes can be customised to your style.

Prime Brick Steel

This innovative construction technique saves time and is packed with inclusions like high ceilings, wall painting, wall insulation and sarking.

Move in 3 steps

1. Finance

We'll sort your finance and find a loan that best suits you.

2. Land

We have access to exclusive blocks in premium estates.

3. Home

Choose from our range of modern homes.

Share the love

The majority of homes we build are from referrals and word-of-mouth.

If you know someone who's thinking of building, we would love to help them out!

Enquire about our Referral Program to find out what rewards are on offer.

Your home journey is supported by these industry leading suppliers who are our long term partners.
