# TurmeriX<sup>®</sup>

Fast Acting Soluble Turmeric Powder

**The INCREDIBLE,  
FAST ACTING formula  
for GOOD HEALTH**

The essential ingredient in the exciting new formula TurmeriX<sup>®</sup> is, of course, TURMERIC, which has for centuries been used in exotic cooking as well as in the wide world of medicine.

Its warm, slightly bitter taste is easily identified in curry powders, mustards, butters, and cheeses. But its medicinal qualities are also widely acknowledged in many areas as a treatment for a variety of ailments and conditions.

The components of TURMERIC are known to relieve inflammation in human joints.

In many parts of the world, TURMERIC is used in treatments for issues including heartburn, indigestion and intestinal gas.

**Turmeric -**  
**Traditionally**  
**used in**  
**Ayurvedic**  
**medicine to**  
**relieve**  
**inflammation**

## THE BLEND

**Turmeric**  
**Black Pepper**  
**Coconut Powder**  
**True Cinnamon**  
**Fennel**  
**Vanilla**  
**Aniseed**  
**Caraway**
