

ACA Shutters & Blinds

PVC & Timber Plantation Shutters

UV Protection - Our shutters will protect your interior from the harsh Australian climate. Stop fading flooring and furniture in it's tracks.

Thermal Regulation - Our polymer shutters offer great thermal properties with their Aluminium core insulating your home from the outside. Give your home an R rating boost and keep out the cold during the Winter & the warmth during Summer.

Noise Reduction - Keep out the noise, our plantation shutters are quite good at bouncing sound waves away.

Light Control - Customise the amount of natural light that enters your home by adjusting the louvres. Comes in three louver sizes, 64mm, 89mm & 114mm.

Increase Privacy - Plantation Blinds will give you control over the privacy in your home. Simply adjust the louvres however you please.

Low Maintenance - Shutters are an easy clean option, they are one of the lowest maintenance window treatments available and are resistant to stains.

Increased home value - Plantation shutters will no doubt increase your property value by providing increased aesthetic to potential buyers, from the outside and in.

Blockout & Light Filtering Roller Blinds

UV Protection - Our Blockout Roller Blinds will protect your interior from the harsh Australian climate. Stop fading flooring and furniture in its tracks with our Blockout Roller Selection.

Thermal Regulation - Our Blockout Roller Blinds offer great thermal properties with durable Blockout fabric which assists to block out light and assists in keeping your home cooler in Summer and warmer in Winter.

Light Control - Customise the amount of natural light and Sun glare that enters your home by choosing our Light Filtering Roller Blinds. Our Light Filtering Roller blind fabrics will gently allow light to enter your room yet still provide you with optimum daytime privacy. Our Light Filtering fabric blocks unsightly views, you cannot see through the fabric but light can pass through.

Low Maintenance - Roller Blinds are an easy clean option; they are one of the lowest maintenance window treatments available. Our Water repellent quality fabrics can be wiped clean with a damp cloth. Perfect for any high traffic areas.

Child Safety - All of our Roller Blinds are designed with safety in mind. So, wherever there are hanging cords or loops we'll provide you with all the relevant safety devices and instructions on how to use them. Enjoy your blinds with peace of mind.

Curtains

Sheer Curtains - allow light to be diffused, while allowing you to enjoy the view. Designed to stop glare but allowing light in, they are the perfect choice when visibility is important. They can also be used to create effect in open plan living spaces, by adding layers to stark interiors and bringing texture and softness to the most minimal of designs.

Blockout Curtains - With an ability to reduce light and noise levels as well as their air of elegance and luxury, blockout curtains have long been a popular choice for bedrooms and formal dining areas • Use them to create the look and feel of a luxury hotel suite, especially when paired with blockout Roller Blinds

S- Fold & Wave Fold Curtains - Elegant and understated in their aesthetic, S-Waves are a favoured choice of architects and interior designers. Ideal for creating a relaxed and soft appearance around your windows, they add a luxurious layer that works with modern interiors.

Double Pinch Curtains - These classic curtains are effortlessly beautiful with a clean hang thanks to their signature waterfall pleat.
