

SCHOTS HOME EMPORIUM

— SINCE 1978 —

The Finest Marble Collection In Australia

Create A Truly Inviting Room With Stunning Simplicity

Italian Carrara

Statuary Bianca

Ancient Black Limestone

Replicate an antique patina finish.

Victorian and French marble mantel pieces from original designs.

The faithful reproduction of our hand-carved French and English style marble chimneypieces is done with fastidious attention to detail under the watchful eye of master stonemasons. As a result, Schots' replicas are almost indistinguishable from the originals from hundreds of years ago.

Schots' marble mantelpieces use only the finest quality stone, Statuary Bianca, Italian Carrara white marble and Ancient black limestone. We believe that a fireplace should not only add romance and refinement to a room but be an investment that adds value to your home.
