

# Maximise your outdoor living

As outdoor living specialists, Zones aim to enhance the things you love to do outside. Whether it's cooking or dining outside with friends and family, playing backyard cricket with the kids, reading a book in the sun, or pottering around the garden, we can design and build a landscape to suit.

Zones is a one stop shop. Our services start with a no obligation on site consultation. From that we create a design to fit your budget.

When the design is finalised Zones will then organise and project manage the entire build process, from turning the first sod, to hosing down the driveway.

When your new outdoor project is complete our maintenance team can keep it in great shape for you.

# Introducing the Zones 5 step process

Zones is a complete design and build landscaping service and has a proven process for taking customers from concept to completion. This structured process ensures projects are delivered on-time and on-budget, and delivers on the customer's desired outcomes.

“ Zones turned the area of my back yard I used to hate the most into my favourite summer spot. They made the process so easy. I knew exactly what I was getting and how much it would cost. I would highly recommend them. ”
