Stunning printed glass splashbacks  
& art by photographic artist **Lucy G**

Many high resolution panoramas available specifically shot for large format printing for beautifully sharp imagery at large scale.

*'I am so happy with my beautiful splash back, it is a work of art. Lucy and the installers made the process so easy from start to finish... I would definitely recommend her and her team !' (Kapua)*

Lucy has created these artworks digitally with use of Procreate, Illustrator & Photoshop with some AI created glass textures. All artworks are printed to the back of low iron toughened glass, back painted white & have a backing board adhered to the back with hole for hanging with gib screw or direct into stud. Custom sizes available on request. Door or window insert panels available on request where artwork can be seen from both sides & allows light to pass through.
