## 5 STAR TESTIMONIALS

*"We have renovated 2 bathrooms in our house in Winthrop. Their work quality is excellent. They finished the job on time and fulfilled our requirement. We believe that it is a very good value for money and the quoted price was competitive and reasonable. We can recommend them for any prospective buyer."*

*Engaged Ben and his team do a bathroom and laundry after going to a few different places. We are very pleased to have done so as they did a fantastic job with the bathroom. Everyone that comes over says it feels like a luxury hotel look and finish. In terms of service Ben was always very helpful and responsive to our needs. Although the job wasn't without it's hiccups ie there was a mistake with the tiles, as soon as Ben realized the error on their side, they fixed it straightaway and I think that says a lot about the company. I would be more than happy to engage them on any future reno's*

*Excellent job. The transformation of our tiny bathroom was amazing. There was the odd small hiccup that was quickly solved with top communication. I appreciate it when messages are responded to without delay. All trades people were tops and very efficient at their craft. We would, without hesitation, recommend Derek, Ben and their team to our friends and relatives.*
