The Association of Building and Property Inspectors in WA

inspectWA

association of building and property inspectors

association of building and property inspectors

We help property owners know the most about their property, when buying established, buying new or maintaining existing property.

All of our members are registered builders and/or hold a tertiary qualification in building and agree to abide by a Code of Ethics based on honesty, integrity and stamping out corruption.

InspectWA members are fully insured for the peace of mind for our clients.

Our customers have access to a range of legal documents that will help their property journey. Just ask one of our members for help BEFORE you make an offer to purchase.

DID YOU KNOW THAT BUILDING INSPECTION IS A COMPLETELY UNREGULATED PROFESSION?

InspectWA is here to change the building inspection industry - benchmarking qualifications, providing ongoing regular training, sharing experience between members, equipping our members to help their clients defend their rights when buying or building a home.

DO YOU KNOW OUR ACHIEVEMENTS IN ONLY FOUR YEARS

- We contributed to important changes on REIWA Contract Annexures
- We have published 20 position papers on matters of importance on our website, now widely consulted by the property industry
- We introduced inspection industry SWMS documents
- We were consulted by the HIA to help improve relationships between customers and members

WE DEMAND REGISTRATION - RECOGNITION OF OUR PROFESSION
