Lisa Pappon is an artist and designer born in Hamburg Germany and now lives and works in Sao Paulo Brazil.

Lisa creates inimitable ceramic apple sculptures as a universal symbol reflecting desire and voluptuousness. The artist utilises nature's gifts such as clay, organic pigments and precious stones, gold or silver. She reinterprets nature's mystic fruit in oversized exaggerated ceramic apple sculptures up to 150 cm in diameter. In her work, Lisa Pappon has long sought an icon that unites all peoples regardless of their origin. The apple is the symbol that spans the globe and has recurred in the most remote and diverse cultures for millennia. Lisa has realised her cultural vision in the form of giant ceramic apple sculptures.
