What are CROSSRAY® BBQ's?

CROSSRAY® BBQs are a result of technical innovation and development over 10 years.

The design challenge was to create something "NEW" in the BBQ market: redefining a BBQ to perform like cooking over a bed of red hot coals; providing even heat, reducing flare-ups and to be a true multi-functional outdoor cooking appliance, that produces tastier and juicier food, and so easy.

This is achieved using patented infrared cooking technology and includes both gas and electric versions, in portable, in-built and outdoor kitchen options.

CROSSRAY gas BBQ's are the only BBQ that can provide controllable, even heat from 140°C to 350°C+, while using 50% less gas than a conventional BBQ.

Main features of the CROSSRAY technology

World class design and construction, it is built to last using only the best materials.

The Gas BBQ that's smarter by design

Incorporating patented angled infrared burners, the Award-winning CROSSRAY Gas BBQ's with 4 burners, are available in-built or with a trolley to be free-standing and fully portable. All BBQ's are LPG as standard, but fully convertible to natural gas.

Features

- High intensity ceramic infrared burners, 13 MJ/hr each
- Robust construction and world class quality (304 SS with die cast end panels)
- Electronic ignition for simple burner start-up
- 2-piece upper level cooking area provides 60% more cooking space
- Significant reduction in flare-ups
- Easy to access front drain tray

The Range All CROSSRAY BBQ's come with grill plates as standard

4 burner Trolley BBQ Model TCS4PL

4 burner In-Built BBQ Model TCS4FL

Accessories

- Hotplate (black enamel), TCS4AC-001
- Natural Gas Conversion Kit, TCS4AC-003
- Outdoor vinyl cover for trolley model TCS4AC-002
- Outdoor vinyl cover for in-built model TCS4AC-004
- Rotisserie Kit TCS4AC-008

Setting new standards in Outdoor Kitchens

CROSSRAY® gives you expert, professional results for the ultimate outdoor cooking experience.

The new CROSSRAY 4B-S Series sets a new standard for outdoor kitchens, if you are looking for a high-end outdoor cooking experience, without the price tag.

Upgraded corrosion resistant cabinets provide the perfect platform for the new sintered stone benchtop that is supplied as standard with all kitchens.

Designed to perfectly match the award-winning 4 burner CROSSRAY in-built infrared gas BBQ, it is ideal if you love cooking and entertaining outdoors, in style.

With a wide variety of options and inclusions to choose from, you can find an outdoor kitchen that is perfect for you and your outdoor area.

Main features of the outdoor kitchen range

Build your perfect space for entertaining, whilst enjoying all the benefits of infrared cooking.

Taking the Electric BBQ to new heights

Plug-in, preheat and prepare for the “Sizzle” of the most powerful electric BBQ on the market.

CROSSRAY electric BBQ's provide a cooking experience just like a traditional gas BBQ, via the unique high-intensity electric infra-red element technology. It's just like cooking over red hot coals.

Available as a portable table top BBQ; add mobility with a trolley and stainless steel foldable side shelves, or really add class to your outdoor area with a compact kitchen option that has the BBQ flush mounted into a sintered stone benchtop with single fridge.

Main features of the complete electric range

Stainless steel construction with double skin hood, cook with the lid up or down.

Dual Zone cooking (High/Low, Front/Back) with grill & hotplate as standard.

High output carbon infra-red electric elements (2 x 750W). Simply plug in.

LED indicator with 120 Min timer and 300°C safety cut-off

Perfect for when you want real BBQ performance, without the hassle or restrictions of gas bottles.

The Range

Portable Electric BBQ

Model TCE15F-2

Fully portable for your home or holidays, with a high hood suitable for all food types including large meats and 300°C maximum BBQ performance.

Electric BBQ with Trolley

Model TCE15TR

A portable and versatile trolley solution for outdoor cooking, with wheels, foldable stainless steel side shelves and additional top/bottom shelves for extra storage space. The BBQ also lifts out, so you can take it anywhere.

Compact Outdoor Kitchen Electric BBQ & Fridge

Model TCE15F-MK1

The single fridge, robust double skin doors and fold-down top shelf provide the perfect platform for the high hood CROSSRAY BBQ to be flush-mounted in a high-end, sintered stone benchtop.
