

Falun Gong is, in my judgement, the greatest single spiritual movement in Asia today. There is nothing that begins to compare with it in courage and importance.

Millions Wrongly Persecuted in China Even Today

- 100 million people were practicing Falun Gong when the persecution began in 1999.
- Millions of Chinese people have since been abducted, imprisoned, tortured, fired from jobs, expelled from school, or forced into homelessness because they practice Falun Gong.
- Over 80,000 cases of torture have been recorded.
- Thousands have been killed.

The Five Exercises of Falun Dafa

1

Buddha Displaying a Thousand Hands

Using gentle stretching movements, the first exercise opens all of the body's energy channels, creating a powerful energy field.

2

Falun Standing Stance

Comprised of four still positions that can be held for several minutes each, the second exercise boosts energy levels and awakens wisdom.

3

Penetrating the Two Extremes

With its gentle hand-gliding movements, the third exercise purifies the body using energy from the cosmos.

4

Falun Cosmic Circuit

By gently tracing the hands over the body, front and back, the fourth exercise rectifies abnormal conditions in the body and circulates energy.

5

Strengthening Higher Abilities

A meditation that incorporates special mudra and hand positions to refine body and mind, the fifth exercise strengthens higher abilities and energy.
