

# SORT MY HOUSE

## CLEAR SPACE | CLEAR MIND

Sort My House is an organisation and decluttering service for your home or office. From big to small jobs, we recognise how time consuming these things can be and enjoy knowing our service frees up your time for what's more important.

We can help declutter before a house move, unpack after you've moved in, organise your kitchen or help gain space back in your garage. Get your space organised and find order in your busy life.

We won't pressure you to let go of something, instead we ask what is worth keeping. Living with less can be so rewarding.
