70 years in sliding systems sector

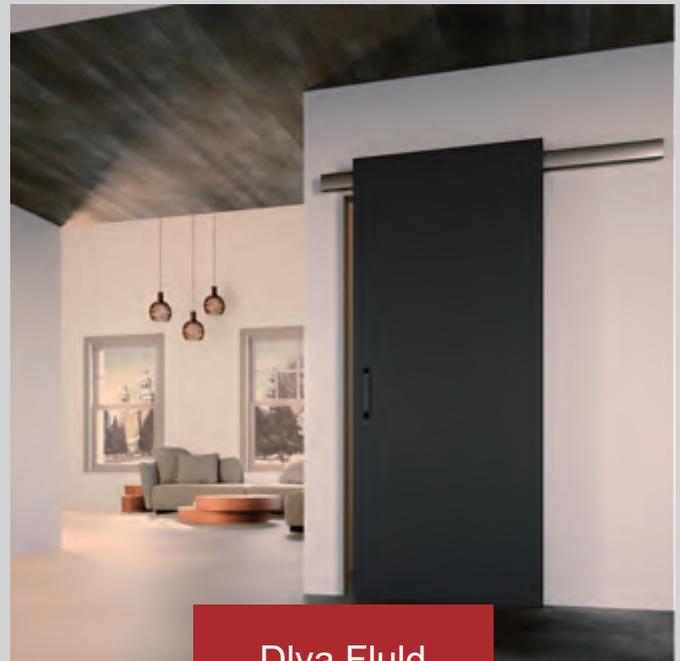

Magic2

Magic2 Vetro

Drag

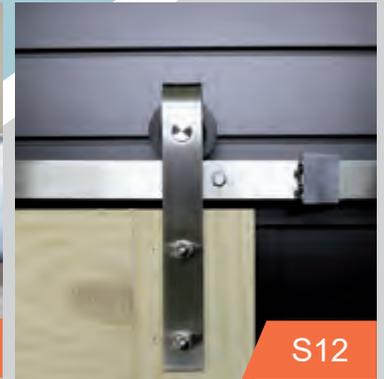

Divva Fluid

For 70 years we have been designing and manufacturing sliding systems for furniture and doors. We operate all over the world through values such as: constant attention to the customer, innovation of new and performing systems, constant improvement of existing ones and passion for functional solutions. Now we are recognized on the market as innovative and quality manufacturers .

The vast and diversified range of products, the flexibility that has always distinguished us, the quality of internal production, totally Made in Italy, are a concrete and tangible response to the increasingly sophisticated needs of modern design.
