## ABOUT US

At Wild Natives Australia, we have taken an holistic approach to harness only the highest quality of Australian Indigenous Native Plant ingredients found from our Australian Native plants, seeds, herbs and leaves.

We believe in providing our customers with the transparency of an Australian Made product that has been formulated with care and free from known carcinogens, parabens and hormone disruptors.

## OUR PRODUCT

Our 'H2o Skin Drink' is made from the highest quality of Australian Indigenous Native Plants to provide your skin with bio-active health benefits to assist with a range of skin conditions, all in one product!

Carefully created with a high concentrate of quality natural, organic botanical extracts from Australian Indigenous Native Plants to optimise your skin's health.

## 100% RECYCLED

Our commitment to you as developers and creators of organic beauty products, is one that we take pride in.

We strive to set an example for environmental leadership to minimise our impact on the environment through recyclable materials used in our packaging.

Our packaging is made from plastic, bamboo and timber fibres. These responsible choices can be biodegradable in compost, reusable and/or recyclable.
