

Welcome to

ColourHub

ColourHub at Brickworks Design Centre's is a dedicated colour consultation service, offering a customised, complimentary hour-long consultation with a Brickworks design expert.

Colour Consultations

During the appointment, one of our dedicated Colour Consultants will work with you utilising samples, schemes and tools to help you identify your own personal tastes, allowing you then to select products that match your style and budget.

We will also discuss all aspects from cladding, roofing and gutters, frames and posts, doors and garages, render and moroka finishes right through to your landscaping needs including paving and retaining wall options.
