

NexGEN Decking™ is an exceptionally low maintenance premium capped composite that assures you a beautifully tailored, splinter free surface that is easy to clean and will last for years.

Our decking never warps, splinters or rots and requires no sanding, oiling, sealing or staining. Stunning, rich and fade resistant colours require no ongoing maintenance other than the occasional clean.

From the beauty of its dramatic colour tones and multiple wood grain patterns to the polish and protection of Permtech capping, NexGEN is the decking board for those who won't compromise.

Could outdoor living get any easier? We doubt it.

Good Life Range

Featuring an authentic wood look with distinct grain patterns, the Good Life Capped Composite decking offers an unbeatable combination of performance, durability and value for money for any decking project needs.

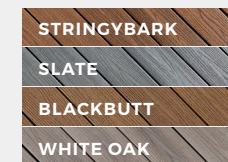

Available colours

Escapes Range

The Escapes Capped Composite decking features subtle and dramatic streaks of colour, giving the boards a look that mimics tropical hardwoods. Perfect for pool-side relaxing after a long week, with quality boards that won't stain, fade or splinter.

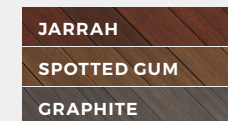

Available colours

Select Range

No visible repeats or easy-to-discern patterns, the Select Capped Composite decking offers the most natural feel and look, with an earthy Australian colour palette. The boards are capped on all four sides so you don't have to compromise on quality.

Available colours

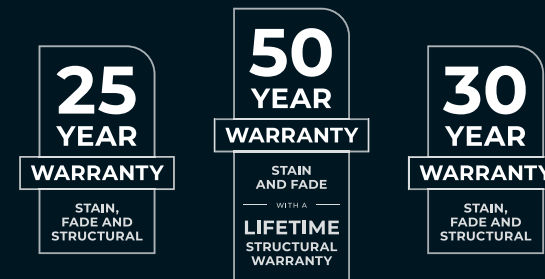

Promenade Range

The perfect blend of stunning handcrafted wood aesthetics and incomparable PVC benefits that guarantee the ultimate luxurious and long-lasting finish. Don't settle for anything less than the best and add a touch of elegance to your outdoor space.
