

Frankincense Of The Earth

Frankincense is an aromatic resin derived from the Boswellia tree, primarily found in the Middle East and parts of Africa. It is valued for its ability to promote relaxation, reduce stress, and enhance mental clarity as well as its anti-inflammatory properties. It also supports immune function and promotes healthy skin. With its distinct aroma and versatile applications, frankincense continues to be treasured for its therapeutic qualities. Frankincense of the earth provides pure frankincense straight from Oman and Indonesia.
