ROUND IN P.E.T.

made in
Italy
Australian Importer for

ROUND is a Totally Recyclable kitchen, formed by panels in Recycled wood F4Star and 22 mm-thick door with panel in certified MDF (compliant with US EPA TSCA TITLE VI) coated with polymeric sheet PET*

[Click to see Round Web Profile](#)

* polyethylene terephthalate, abbreviated as PET, is a modern synthetic material, environmentally friendly and 100% recyclable. The main features that distinguish it from traditional plastics are its flexibility and excellent dimensional stability, which renders it unalterable over time. Its high resistance to heat, wear and thermal ageing makes PET one of the most innovative, future-oriented materials.

FAER ATELIER IN GLASS
