## Smart Homeware Brochure

Let the family understand your thoughts better  
Let you love the comfort of home more

## **Australia**

We are an Australian owned and operated company founded in 2013 in Perth.

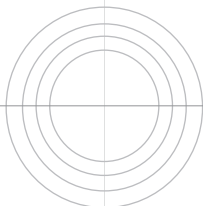

Our warehouse is located in Welshpool, WA where we retail and wholesale renovation materials for residential and commercial buildings.

We also offer customisation services and smart home solutions.

From range hoods, cooktops, ovens and cookware for the kitchen to basins, tapware and toilets for the bathroom, we offer products that'll help you achieve your renovation goals.

We source from various popular local brands and import many world-renowned homeware brands from all around the world to bring various popular and high-quality products to the local market.
