PAULCARROLL

FOOTWEAR WITH A DIFFERENCE

# PAUL CARROLL

## AUTUMN / WINTER 2022

Welcome to Autumn Winter for 2022. We are proud and excited to bring you with us on our journey to provide new and exclusive products to Paul Carroll. We hope you continue to enjoy our 'footwear with a difference'!

This year we celebrate two major milestones, our 50th anniversary since Paul Carroll himself established the original Paul Carroll bootmakers and retail store as well as the 20th year since the launch of our own label Klouds. This father and son creation was inspired by the Paul Carroll community, our loyal customers, partners and staff. From a single sketch, the brand quickly became successful in Australia and was later launched in New Zealand, Singapore and the United States. It received recognition at the GDS international shoe fair in Germany and today continues to be successfully sold both nationally and internationally.

This season we deliver a diverse range including plush lined and premium leather boots, sneakers, slippers, vegan friendly and waterproof alternatives, sharp corporate looks and more! Choose from a comprehensive range of arch support, orthotic friendly and wider fitting options for both ladies and men.

We look forward to seeing you in store or online. Once again, thank you for continued support.

John Carroll  
Managing Director

### ORTHOTIC FRIENDLY

Shoes with this symbol have a removable insole to accommodate your own orthotic.

### EXTRA WIDE FIT

Easily find wider fitting shoes with this symbol.

### ARCH SUPPORT

Need some extra arch support? Look for shoes with this symbol!

### WATER PROOF

Keep your feet dry this winter. Look for the waterproof symbol.
