- Pet and child friendly
- Looks great all year
- Reduces allergy triggers

# SURFACES

Urban Turf Solutions have a dedicated team of industry experts working to create the most real-to-life hard wearing grass surfaces available. Our landscape range has been designed to suit today's modern lifestyle providing a luxury real-to-life feel

grass surface that adds to the value of your home. The surfaces have been created to look green, lush and perfectly manicured all year without any watering or mowing and are perfect for our harsh climate.

**BEFORE**

**AFTER**

Our surfaces are created to withstand the harshest sunlight by use of the most advanced UV resistant yarns, meaning greater comfort for your family and pets. The yarns are strengthened with two heat applied backing layers, with the second layer being water resistant and ultra bonded latex. This creates a surface that both looks and feels as close to real lawn as possible - without constant watering, maintenance and an uneven growth.

If you are looking for an alternative that is never muddy, drought resistant, saves your home water bill and on maintenance fees, take a look at the great range of new generation synthetic surfaces available from Urban Turf Solutions.

# OUR LANDSCAPING SURFACES

Urban Turf Solutions have manufactured a landscaping range specifically suited for the New Zealand climate and lifestyle. From the luxury Urban Prestige surface to the more economical Urban Ascot surface, they are the most real-to-life synthetic surfaces on the market.

## URBAN PRESTIGE 40mm

Urban Prestige is by far the best looking and hardest wearing product in the New Zealand market.

Its the perfect artificial grass, dense, lifelike and proven in our market and UV climate for the last 15 years.

Its the product all our competitors try to copy. There is only one Urban Prestige 40mm

## URBAN EVERLAWN 40mm

Urban Everlawn 40mm is our biggest seller. It uses the same yarn as Urban Prestige but slightly less dense.

A natural looking dual yarn lawn providing the perfect backyard for the kids and the pets.

The premium yarn In Urban Everlawn gives the product a long life without matting or yarn splitting.

## URBAN ARENA ULTRA 37mm

Urban Arena 37mm was developed for playgrounds and areas of considerable high traffic.

Its unique wide blade is made from our Ultra grade yarn.

A great choice for schools, commercial spaces, preschools and any area of super high traffic.

## URBAN BAYSIDE 35mm

Urban Bayside 35mm synthetic turf is a very natural looking product providing great durability and comfort using state of the art Polyethylene multi-filament yarn.

The UV protected turf will outlast harsh weather conditions and allow for a hassle free lawn which does not require mowing or watering.

## URBAN BAYSIDE 45mm

Can you give me something that looks like Fescue? We sure can.

Urban Bayside 45mm synthetic turf is longer than the Bayside 35. It used the same deep green yarn and is our softest product.

Its looks super lush when laid and if you use our 10mm foam under it, you could sleep under the stars.

## URBAN WINDSOR 35

Over the ditch in Australia Urban Windsor 35mm is the star of Urban Turf. Its the biggest seller in Australasia.

It uses a start of the art UV protected polyethylene multi-filament yarn to provide a durable and hassle free lawn.

Suitable for any and all landscape applications.

## URBAN ASCOT 35mm

Made with new, softer yarn. Urban Ascot's 25mm pile height combines real lawn looks with afford-ability.

The use of state of the art UV protected yarn ensures great durability and comfort.

Suitable for any landscape applications.

## URBAN TRUE PUTT

Urban True Putt is our 13mm non-directional putting surface.

The perfect choice for golfers. Ideal for the backyard, add some long pile around the parameter and chip onto you new artificial putting surface.

Can be a great DIY project or talk to us for an installation quote.

## URBAN SUMMER PLUS 15mm

Urban Summer is a new 15mm short pile, two toned natural looking grass. It comes 2 and 4m wide.

Perfect for events, marquee floors, a quick covering for any application.

## WHY CHOOSE AUSTRALASIA'S FASTEST GROWING SYNTHETIC TURF MANUFACTURER, URBAN TURF SOLUTIONS?

We pride ourselves on being the innovators when it comes to the research, development and manufacture of synthetic grass surfaces. We source the best raw materials from around the world to create our turf, ensuring quality and durability once laid.

We have pride in our products and control the whole production process, from initial concept to production, distribution and installation, ensuring the highest quality standards are maintained.

We offer a personalised service to ensure your synthetic turf requirements are met the first time, every time. We have a network of registered landscapers located throughout New Zealand who are ready to assist you in the installation of our services.

We are proudly New Zealand owned and operated, and all our synthetic surfaces are made at our state of the art factory located at Yatala in South East Queensland.
