MBBS: DGO: MRCOG: MSc:
FRCOG

What makes Adora the right choice

Proven success rates

You can access information about clinic success rates at the website yourivfsuccess.com.au.

This independent website provides clear, trusted and unbiased information to help your patient decide if IVF treatment is right for them and makes it easy to locate a clinic.

Three experienced Fertility Specialists

Our three experienced fertility specialists are supported by a team of dedicated fertility nurses and midwives, highly skilled scientists and efficient patient support staff to guide your patient through their treatment.

Cost transparency

All Medicare eligible expenses are bulk billed keeping out of pocket costs as low as \$1500 per cycle, less with private insurance.

Tailored approach for your patient

Our specialists individualise treatment plans for your patients best outcome.

Partnering with GPs for continuity of care

Referring doctors are copied in on correspondence and patients are advised to return to their GP for obstetric advice.

Convenient location

- Located inside the Craigie Medical and Dental Centre
- Onsite parking available
- Pharmacy next door
- Public transport adjacent

Treatment*	Cost	Day surgery +/- anaesthetist fee	Other clinics (on average)	Other clinics day surgery fees (on average)
