ABOUT US

Scandinavian Wallpaper & Décor was founded in 2008 by Ann-Louise 'Lollo' Jansson, as she discovered there was a demand for wallpapers & wallcoverings in Australia that was not being met.

Scandinavian Wallpaper & Décor, are consistently importing and distributing the highest quality wall coverings in the latest designs which are carefully selected from international trade shows. The collections are curated with Lollo's expert eye for great design, colour and environmental sustainability.

Scandinavian Wallpaper & Décor invests in in-house collaborations with local and internationally renowned artists such as Aurelio Costarella.

Our range consists of but not limited to:

*Non-woven wallpaper murals
Vinyl wallpaper murals
Contract Type II wallcoverings
Grasscloth & natural wallcoverings
Gold and Metal leaf wallcoverings
Traditional printed wallpapers
Bespoke printing service*

Katie Stratton and Debbie O'Donnell.

IN-HOUSE COLLABS WITH DESIGNERS

Lollo consistently invests in-house collaborations that produce innovative designs that are ahead of the style trends and attract international interest. We are honored to feature in numerous publications showcasing our range across residential and commercial projects.

Our collaborations are printed on a non-woven wallpaper. Suitable for commercial and residential application. We can also offer our collaborations to be printed on a contract type II wall coverings or grasscloth. Contact our head office for individual pricing and size options, at hello@wallpaperdecor.com.au.

Our collaborations are also available as canvasses block or non-block framed.

MURAL WALLPAPER DESIGNS

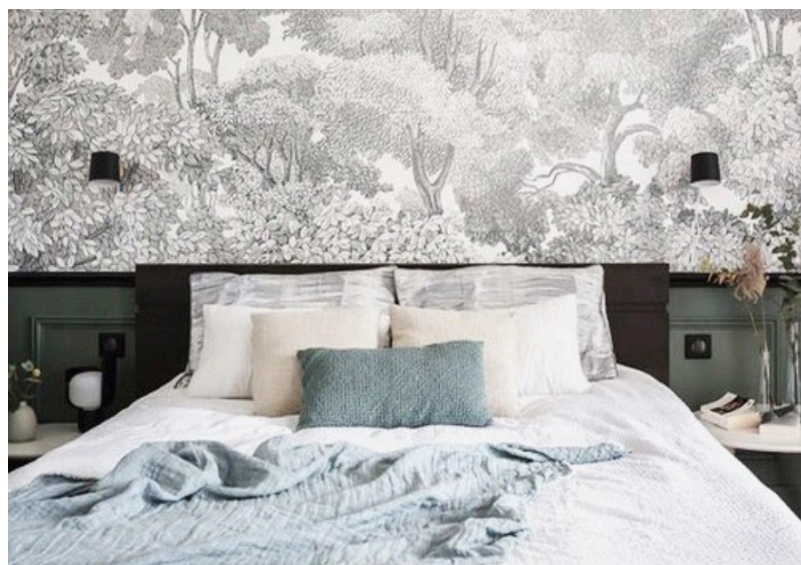

We are renowned for our exclusive and unique wallpaper murals which are bespoke printed to the size of your walls and specifications. We are working closely with our suppliers in Scandinavia and Europe to ensure we deliver flawless murals with short time frames.

Our current clients are from a myriad of industries and with exclusive distribution rights in Australia & New Zealand we are used to provide excellent service from our head office.

You will find our murals in hotels, restaurants, corporate offices, universities and in residential spaces to name a few.

CONTRACT TYPE II WALL COVERINGS

Our contract wallcoverings exceed all the Type II specifications for installations requiring commercial grade wall coverings in the contract, corporate, hospitality, healthcare, government, education and property management markets. Manufactured to meet and surpass all physical and performance characteristics of high traffic public areas.

Most designs are sold per yard, however, we offer a wide range of textural neutral designs per roll.

GRASSCLOTH & NATURALS

Our natural wall coverings are an essential part of the Seabrook collections and are manufactured by skilled artisans.

Imperfections and slight variations are characteristic in natural materials. Slubs, knots and colour variations are not considered to be defects but are part of the natural beauty of the product with an intention of giving the wallcovering an organic, tactile look and feel.

Our manufacturers use paper and materials from sustainable sources and water-based and non-toxic inks.

HAND-CRAFTED WALLPAPER BY WELTER

We are working closely with the German brand Welter and his range of exclusive wallcoverings.

Our range consists of: gold- and metal leaf wallpapers, beads, crystals, minerals and ornaments.

You may have seen Welters wall coverings several times on the stages of the Oscars, the Golden Globe and the Emmy Awards which have all been furnished with products by Welter. Some international hotels, the Waldforf Astoria and Adlon in Berlin and the Hotel Dolder in Zürich have also used Wallcoverings by Welter.
