# Our Kitchens

We can create your ultimate outdoor alfresco kitchen, giving you the perfect entertaining area to enjoy with your friends and family.

From design to fabrication and then installation EMFAB do it all. This means we can create your dream outdoor kitchen with your required size, desired appliances and the style and colours you want. Undercover or fully exposed alfresco areas are no problem with our 316 marine grade stainless steel cabinetry and powder coated aluminum facias. Bring in your plans and we can create the ideal outdoor kitchen to suit your area and your budget.

We are a small WA family business that takes great pride in only building to the highest of standards.
