

Build Your Own Home.

No Experience Needed.

Welcome to the future of Home Building.

Build Buddy is revolutionising the home building industry with an **INTELLIGENT** platform that allows **YOU** to design, approve and build your new home without ever having to engage a builder.

SAVE as much as
20% or more!

It couldn't be **Easier.**

Every step in the home building process has been broken down into individual tasks so you can choose to do a little, choose to do a lot or choose to do nothing at all!

Build Buddy's intelligent algorithms and easy-to-use platform tells you:

- ✓ **WHAT** you need to do
- ✓ **WHEN** you need to do it
- ✓ **HOW** you're going to do it
- ✓ **CONNECTS** you to the people WHO are going to do it.
- 🏆 **DESIGNED, DEVELOPED AND SUPPORTED** by an experienced, multi award-winning residential construction team.

Always in Control. Never Alone.

Direct Communication & Shared Document Library

Communicate directly with each member of your project team with our messaging feature. Plus keep a clear record of all communication and documents so there are no questions down the track.

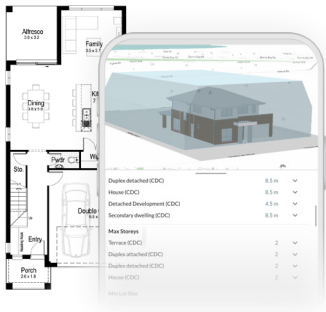

Expert Guidance & Support Team

Always on-demand and available to address all your technical and/or building related questions, issues or concerns, throughout your entire journey.

collaborative construction

noun (kuh-lab-uh-ruh-tiv kuhn-struk-shun)

TEAMS work together towards one project goal, where everyone can access the plans, schedules, and progress at any time. There are no gatekeepers or distant corporate offices, leading to a more efficient construction program.

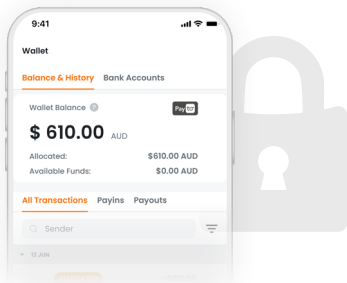

Choose A Floorplan or Design Your Own

Explore and customise designs from our floorplan library or completely design your own. Then utilise our integrated floorplan tool to make sure it complies.

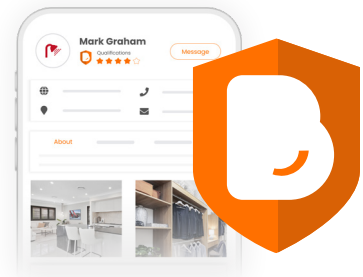

Access Exclusive Trade Pricing

With pre-negotiated supplier rates and thousands of quality products to choose from some of Australia's best suppliers, you'll pay what the big builders pay.

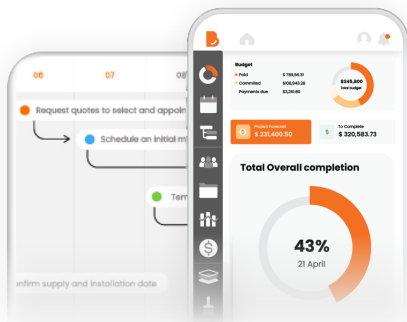

Secure Payment Gateway

Pay all your suppliers, trades and contactors quickly and easily using the secure payment gateway built into the Build Buddy platform. That way both you and your supplier or contractor can enter into a transaction knowing that the money is safe and the payment is secure.

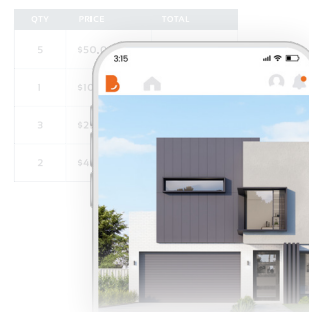

Verified Consultants & Contractors

Select your own consultants and contractors from our verified trade database, take advantage of pre-negotiated trade rates or negotiate your own. After all GREAT trades build GREAT homes.

Project Workflow

A key feature of Build Buddy is the intelligent and predictive project workflow that ensures that you and each of your contractors and suppliers know exactly what needs to happen and when it needs to happen. And when there's an unexpected delay (such as due to inclement weather), everybody receives up-to-date progress reports, so they always know what's going on.

Price and Quantity Estimations

After selecting your home and inclusions, it's time to get your project cost estimation by employing the services of Quantity Surveyor (QS) or an Estimator directly via the Build Buddy platform. This means you will know exactly what every item in your new home should cost before you get started and will be invaluable when negotiating deals with contractors or if you need to submit to your financier.

Your own **Construction Buddy**

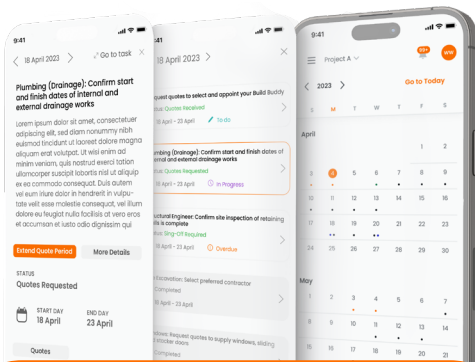

to manage ALL things construction

Select your very own Construction Buddy - a dedicated, real life, local, experienced, licensed and insured building professional who takes on the role of site supervisor and is responsible for ensuring that all works are constructed efficiently, within budget and to the highest standards of quality.

- ✓ **Communicate With Trades And Suppliers**
- ✓ **Schedule And Monitor Onsite Works**
- ✓ **Quality Control To High Standards**
- ✓ **Focused On Efficiency And Budget**
- ✓ **Ensures Compliant Onsite Health And Safety**
