

ROBO-SKIMMER

SOLAR POWERED WITH BATTERY BACKUP

The Robo-Skimmer! With its twin silent, salt water resistant propulsion motors, radar hazard avoidance detectors, and a charging port providing 18 hours run time, this Robotic Pool Skimmer has got it all. Its UV resistant body and solar panel ensure durability, while the slide out leaf catcher makes cleaning a breeze. Download the APP for both IOS and android and control the Robo-Skimmer with ease.

SALT RESISTANT MOTORS

High efficiency motors suitable for all pool environments, with sports mode

SONIC WAVE TECHNOLOGY

Radar sensors help direct the Robo-Skimmer, and the UV inhibitors help protect it from the Sun

RECHARGABLE

USB C charging port, for when the sun doesn't shine

EASY CLEAN

Large mouth with easy to remove trap makes cleaning a breeze

APP CONTROLLED

Connect to the App to enable sports mode and many other options
