

FREE STANDING POOLS

NEPTUNE SPA GREY QUARTZ

Free Standing Option

You can now build the pool of your dreams in backyards which previously would of been deemed cost prohibited or impractical. The specially engineered pool shells allows you the flexibility to work with your expert pool builder to design a backyard that suits both your budget and lifestyle.

Available on all the full range of Narellan Pools.

We Bring Dreams to *life*

From the outset we received quick and efficient service from Jacque and she was very helpful in providing advice and assistance in making decisions and choices are the myriad of issues that needed to be decided when building a pool. Nothing was too much trouble, including bringing samples around to our house. But the proof is in the building, and I am very pleased to say we were not disappointed. John is very much hands on and sets the highest standards of professionalism in everything he does. The pool and associated plumbing and coping paving were installed to a very high level of skill and competence displaying workmanship of the highest calibre. We installed the pool as the same time as building the house, so significant communication and coordination was required with the builder, which John did very well. With an easy going nature and keen sense of humour makes him very easy to talk to and work with, and was pleasingly flexible in fitting in with the overall building process and priorities.

Alan Frauenstein

It was obvious from day one that these guys really knew what they were doing, and it was a pleasure to watch them at work. They set a very high standard for themselves, and were not willing to settle for anything but a perfect result. That is what we got. We are very happy with our new pool and would recommend Narellan Pools to anyone contemplating such an investment.

David and Pip Bird - Martinborough, NZ

ISO 9001

Build with Absolute Confidence

Narellan Pools, New Zealand's favourite swimming pools are now made in NZ.

You can now have the peace of mind of buying a NZ made fibreglass pool without having to compromise on quality. Almost 50 years of innovation, engineering and composite development has results in the creation of the world's best fibreglass pool.

Our unique fibreglass formula provides you with a technically brilliant pool that will withstand all climate conditions and soil types in any location, all this from a pool handcrafted right here in Aotearoa.

More options than most

Automation: Sit back, relax and let our fully automated systems control your swimming pool's temperature, cleaning and even your water chemistry without you having to lift a finger.

Sunpods & Water Features: Sunpods and water features enhance the visual look of your swimming pool, we can help create a magical look to complement any Narellan Pool.

Swim Jets: Creating an artificial current to swim against for therapy, fitness and aerobic exercise, our swim jets allow swimmers the physical training they require.

Spa Jets & Bubbling Spa Nooks: Relax and unwind, let your pool give you a massage with our in-pool spa inclusions. Choose from either Venturi spa jets or an air manifold system. For maximum effect ask us about having both installed.

Pool Blankets: Did you know that evaporation is one of the major causes of water loss from swimming pools? When you purchase a Narellan Pool, ask about

a fitted pool blanket, which helps to reduce evaporation and water loss by 97% and helps keep your pool warm.

Cleaners: A clean pool is an inviting pool, and we offer a range of pool cleaners to keep your pool sparkling all year round. Ranging from robotic to suction cleaners, we will assist you to find an option which will suit your lifestyle and budget.

Lights: Colour your world with our range of innovative lighting solutions. Installing lights in your pool creates a magical look at night.

Heating: With our range of quality heating systems for your pool, you get the benefits of stable water temperature and an extended swim season. The three types of heating systems are solar, heat pumps and gas. These can be used separately or in conjunction with each other. Ask us about the best solution for your pool.

Disclaimer: Dimensions are internal length and width at the top of the coping. For external measurements refer to website. Depth is from deepest part of internal shell to coping. Some measurements rounded. The colours are a representation only & may not represent the final product.
