

# Enchanting Opals & Crystals

Uniquely beautiful Opals

We have a passion for Opals with over 30 years experience in cutting and polishing Opals and a decade of opal mining in Lightning Ridge.

Our genuine Australian opals are ethically sourced and hand cut into solids, crystals, doublets and mosaics. We set opals in a variety of affordable jewellery pieces including sterling silver and pewter.

We also offer a range of beautiful semi precious gemstone jewellery, crystal specimens, carvings, trees, spheres, towers, palm stones, hearts and more...
