ABOUT US

For nearly 30 years, Yokor Windows has been a manufacturer and supplier of premium aluminium windows and doors. All our products are custom made, offering the ultimate style, flexibility and performance that builders, architects and homeowners recognize. With our office and showroom located in Keysborough Victoria, we mainly serve residential and commercial projects in Melbourne and surrounds.

Based on proven European systems, we design, engineer and adapt our products to excel in various Australian climatic conditions. We specialise in

producing improved double glazed and energy-efficient aluminium windows and doors highlighted by taller and wider panels. All the products have been independently tested by accreditation laboratories and rigorously comply with all Australian Standards.

Yokor Windows owns and operates six professional production lines in Melbourne and Shanghai, supplying window & door products and solutions for our valued clients worldwide.

It is the product design, quality and service that our clients value the most. Our vast hands-on experience enable us to understand your exact needs, guide you through the whole process, and creatively deliver beyond your expectations.

WHY CHOOSE US

⌚ Corner Crimper

01

All Custom Made

At Yokor Windows, every project is architecturally inspired and custom made to meet your exact needs. With a wide range of colours to choose from, we offer Thermally Improved Classic Series, energy-efficient Thermally-Broken Series and commercial-grade Architectural Series, delivering the most contemporary designs and best functionality.

Empowered by the self-owned factory, we could even create new moulds for your project, 100% supporting your bold and talented ideas.

02

Energy Efficiency

Double glazing and argon-fill are combined to achieve better thermal performance. We also offer tinted glasses and Low-E coating to best suit climate needs. Our exceptional double-sealing system minimises air infiltration and enhances acoustic performance, whilst specially designed thermally improved & thermally broken profiles maximise energy efficiency.

◀ Mitred Corner with Clean Appearance

03

Quality and Performance

As a premium supplier, we source quality materials with a focus on double glazing, offering optimal comfort while enhancing your connection with the outdoor environment. Our self-owned factory builds safe and reliable windows and doors that last. 45° gap-free joint, double toughened glazing, structurally robust profiles to hold large bold panels and our anti-cyclone system are but a few examples.

◀ Recessed Lift Sliding Door Track

04

Professional Service

Service is at the heart of Yokor Windows. We are committed to building long term relationships with our clients based on our integrity and client satisfaction. At Yokor Windows, our local specialists are highly capable and will guide you through the whole custom process. Responding within 24 hours and lead-time are guaranteed. Professional installation is an optional but value-added service.

OUR ADVANTAGE

Segment Fixed Window
8mm + 1.52PVB + 8mm Glass, Dimension: 6600mm x 2400mm

Large Panels

Thanks to our structurally strong profiles and quality materials, our windows and doors can be made taller and wider than

many others on the market, perfect for architectures with bold ideas for special view and extra light.

Classic Style

Classic designs are timeless. Our classic range brings historical style with modern craftsmanship. With another creative option of putting

colonial bars in the middle of the double glazing, our range celebrates the balance of aesthetics and maintenance.

Curved Glass
6mm + 0.75PVB + 6mm, Radius Inside: 4055mm
Dimension: 7555mm x 2750mm

Specialist Windows

Yokor Windows manufactures a wide range of specialist windows.

CLASSIC
SERIES

Our Classic Series comprises a comprehensive suite of windows and doors custom made for performance and functionality. Our design and fabrication are constantly improved, offering excellence in strength, durability, appearance and performance. The Thermally Broken option significantly improves energy efficiency and is ideal for those where green life is a priority.

✔ 8 Panels Bi-fold Door
6125mm x 2700mm

✔ Lightwell Fixed Window
2865mm x 1470mm

ARCHITECTURAL SERIES

Our commercial-grade Architectural Series are architecturally inspired and cater perfectly to the most contemporary designs. Robust profiles make larger openings possible and let in magnificent views and more natural light.

The Thermally Broken option achieves superior thermal performance and comfort. It also meets the growing needs for energy efficiency in commercial applications.

HARDWARE AND COLOUR

At Yokor Windows, we use globally procured high-performance and quality hardware, such as Lockwood, Legge and Hopo, to ensure comfort and ease of use. Modern and natural designs blend perfectly with the surrounding environment. A single key solution is also available to simplify the complexity of home security and operation, bringing peace of mind to homeowners.

All Yokor Aluminium Systems are made to order, so you can either choose from the most popular colours or ask us to match your samples. Matt and Satin finish are available.
