— JOINT PAIN RELIEF —

ORGANIC
TURMERIC

- Relieves symptoms of mild arthritis
- Reduces mild joint ache & pains
- Reduces inflammation & swelling

www.biobalance.com.au

WHY CHOOSE BIO BALANCE?

Our premium turmeric supplement is uniquely formulated to stand out from standard food-grade turmeric and other pharmaceutical supplements on the market. Each easy, one-a-day capsule contains organic turmeric, grown without synthetic fertilizers, pesticides, GMOs, or chemical additives. We've carefully developed this supplement to ensure the highest quality, free from gluten, dairy, GMOs, and preservatives.

Our turmeric is standardized to contain $\geq 95\%$ curcuminoids, significantly higher than the 2-5% found in food-grade and other supplements. We've also included ginger, vitamin C, and black pepper to enhance absorption and efficacy.

Key Benefits:

- Organic Turmeric: Contains no synthetic fertilizers, pesticides, GMOs, chemical additives, gluten, dairy, or preservatives.
- High Potency: Standardized to $\geq 95\%$ curcuminoids, compared to just 2-5% in other products.
- Scientifically and Traditionally Backed: Proven to alleviate symptoms of mild arthritis, joint aches, pain, and inflammation.
- Supports Joint and Bone Health: Promotes collagen formation, joint cartilage, and overall bone health.

HERO INGREDIENTS

Organic Turmeric
6000mg
