- We are very active in the community and believe in giving back.

A great service from Beaver Tree Service!

Everyone communicated well with us and the guys on site were friendly and helpful, going beyond the call of duty to trim and remove trees and foliage, and they left the site clean and tidy. Thanks guys! Would use them again in future, when needed, and recommend to others.

Karen, Christchurch

Fantastic!

A massive tree removed and cut up in less than a day, the team were professional and helpful, even stopping to chat and show the kids after school what they had been up to.
