

ESTABLISHED 1983

Australia's Oldest Family-Owned
Soap Manufacturer

RETAIL PRODUCT CATALOGUE

Our Story

It all started with a broken ankle in 1983. Our founder, Liz Valek, was unable to keep up her nursing job and (never the one to be idle) began making up bags of bath salts which she sold to friends. Soon, the business started to flourish. She brought in beautiful triple-milling Italian soap-making machinery, and we were off. We were the first Australian soap-maker to move away from tallow-based soaps and mineral oils, and we pioneered pantry-style, plastic-free soap displays in Australia. Our oldest soap range, Nature's Gifts, has over 25 scents and remains a popular household staple.

Over the years, we have seen many changes. Our staff have had children and grandchildren. We've had retirements and heartbreaks, and like any family-owned business, we've had hard times.

Geneva, Liz's daughter, joined the company in 2018, and together they developed Shampoo With A Purpose, a globally popular range of solid haircare bars. The brand has since saved millions of plastic bottles from being made used or thrown away and has shifted our business focus toward developing products that benefit our environment (this is, after all, the only one we have). Today, we are more vital than ever thanks to our incredible team. We are lucky to work with our literal and our found family every day. We hope that the love and passion we all share for this business comes across through our products.

Welcome to Our Best Selling Range

Shampoo With A Purpose, (S.W.A.P.) is our hugely popular range of shampoo/conditioner bars that are an entirely plastic-free alternative to naturally step up your regular hair routine.

One bar equals up to SIX bottles of regular hair care! We have saved OVER 2 MILLION plastic bottles from being made, used and carelessly discarded.

We have a unique method of triple-milling our bars, which makes them highly condensed and long-lasting.

We've put a focus on all-natural ingredients that are free from harsh chemicals. Our bars are vegan, eco-sustainable, palm-oil-free, cruelty-free, plastic-free and Australian Made by a female-led family business. We are incredibly proud of this product and its success.

The O.G. bars are made from a combination of Argan Oil, Shea Butter and Coconut. The perfect bar for cleaning and replenishing all hair types.

The Volume bar contains Seaweed Extract, Rosemary, Sage, Ginseng, Juniper Berry and Shea Butter. The perfect ingredients to uplift your hair and it give that va va voom.

The Colour Treated bar is great for those who have dyed or bleached their hair. The Jojoba Oil, Argan Oil & Kakadu Plum ingredients will rejuvenate and soothe your hair.

The Dry or Damaged bar is suitable for those with dry, sun or wind damaged hair. The mixture of Sandalwood, Lilly Pilly and Almonds will nurture brittle and limp hair.

Totally Naked is for those of you who are scent sensitive. It contains absolutely no fragrance however, still has a faint scent of coconut. This is due to our natural ingredients.

\$ 16.00 **Each**

The Conditioner/Hair Masque Bar can be used when transitioning to our 2-in-1 bars. They give your hair a little extra nourishment to get by. You can also use it as a hair treatment once a fortnight to keep your hair bouncy.

\$ 16.00 **without tin** \$ 21.00 **with tin**
