STUNNING ORIGINAL ART

Exquisite designer statement artwork for architects, interior designers, stylists, home owners and decorator professionals that give the WOW factor to enhance and create the story in a space.

The “Gold” “I was drawn to the nature around me as a child and found myself fascinated by the trees. Trees seem to create a different world within themselves, not just the wildlife but as inspirational domains, where things seem possible that might not be in the everyday working world.”

The “Golden Tree Collection 21” has inspired by one of the famous motifs tree of life. “The Tree of Life” symbol represents our personal development, uniqueness and individual beauty. Just as the branches of a tree strengthen and grow upwards to the sky, we too grow stronger, striving for greater knowledge, wisdom and new experiences as we move through life.

COSMOS & EVOLUTION COLLECTIONS - Contemporary, bold-toned, organic formed mixed-media designer painting collection . These two design collections are based on the development of the universe and its harmony. It was inspired by many cultural influences and painting techniques mainly focused on abstract style and 3D effects.

THE LADY BEAUTIFUL COLLECTION - This to capture the beauty and empowerment in women, which was inspired by many cultures, multitude of influences ranging from poetry, music, art, and nature. I strive to create a piece of exquisite artwork, that fully encapsulates the female visage and physique, through conceptual lines and bold colours, enhanced with various forms of texture.
