

THE MKII BRACKET

PATENT NUMBER/S
AUST: 707335
NZ: 312047

EASY TO ADJUST
TO DESIRED HEIGHT
USING HEX NUT

- Offers a structurally superior fixing
- New roof line is raised above the existing gutter
- Airflow between roof lines provide improved ventilation in the summer heat
- When building a carport, the bracket adds height for larger vehicles - 4wd, boat, caravan
