Kitchens Reimagined

We believe a beautiful kitchen creates a place for family and friends to gather with love.

What We Do

Kitchen Remodeling

This often involves removing the existing kitchen, designing a new layout and then installing new cabinets, benchtops, islands, storage solutions, lighting, ventilation, plumbing, electrics and more. Remodeling your kitchen typically takes 2-4 days to install.

Kitchen Refacing

This is the process of replacing cabinet door and drawer fronts, benchtops, hardware and optional storage solutions, with the design and layout of the kitchen remaining the same. Refacing your kitchen typically costs less, and typically takes 1-2 days to install.

What Dream Doors Customers Say

The service I have received has been excellent from start to finish. The quote was within budget, the design was exactly as I specified. The kitchen was then fitted in the time frame. No delays no fuss and the result amazing. I would recommend Dream Doors to anyone considering a new kitchen or refurbishment and I would definitely use them again in the future.

Cindy | Tauranga

We found Dan to be so professional. He managed to get it all together in record time. We are very pleased. We would have no trouble recommending him.

Ian and Glenys | Bethlehem

We were very impressed with Dan Sheridan from our first meeting with him at the Home Show. He is very professional, extremely thorough and very helpful with suggestions and advice. Communication was good and tradesmen he organised all did a great job. We are delighted with the results and would certainly recommend him to anyone.

Marie | Tauranga

Dan was most helpful with all of my requirements, questions and changes to the original plan. I highly recommend him.

Claire | Bethlehem

Dan Sheridan and his team did an excellent job. They were efficient, courteous and helpful. I am very pleased with the result. The entire process went smoothly.

Charn | Ohope

Dan is friendly, enthusiastic and attentive with customers and was a pleasure to have as our kitchen install professional. The kitchen looks wonderful and functions superbly.

Shona | Pukehina

We were very impressed with Dan's professionalism and especially the finished product. We are so pleased we decided to go custom made instead of adding glass-front cabinets to our existing kitchen, as our kitchen now looks complete, and we have so much more storage. No-one even suspects we have added cabinets 10 years after our original kitchen was built due to the high quality job of matching colour and trim exactly- which another company originally told us couldn't be done. Thanks very much Dan and Dream Doors.
