

Saving Lives Home Emergency Pod

About the ePOD

dFENCE ePOD is our official flagship product. It's also the first in its market by gathering all your residential emergency supplies into one stylish and contemporary easy to use POD.

Why do I need an ePOD?

No longer are time critical-items spread throughout your house or apartment. They reside in one location in a portable unit specifically designed to fit into your home or apartment. The stylish and contemporary design ensures that you're professionally prepared to Save the Lives of those in your care.

What's in the ePOD?

The ePOD contains the following;

- The contemporary designed plastic ePOD along with a backing plate and screws for easy wall-mounting if desired
- A 500 gram powerful Aerosol Fire Extinguisher suitable for wood, paper, petrol, oil, diesel and electrical fires
- A 1m x 1m Fire Blanket
- A 57 piece First Aid Kit
- A LED Torch
- A detachable Mesh Bag for personalisation of emergency medicines or other items you believe you may need
- Free dFENCE ePOD App for Emergency Contact Capability and Augmented Reality Training Instructions
