11 x 30L Potting Mix
2 x Perlite Plus

Vegepod Potting Mix

Vegepod Perlite Plus

FEATURES

Protection Canopy:

Our signature canopy protects your plants from pests, elements and weeds. Whilst keeping the bad guys out the permeable mesh allows the rain, air and light in.

Soil Containment:

No possibility of contamination from existing soil. No pilfering of nutrients by nearby trees. No leaching out or overflowing of soil into surrounding area. You control the soil.

Self Watering:

Our unique wicking reservoir reduces watering by up to 80%.

Easy Set Up:

Not tools required. Clips together easily, even the kids can do it. Fill with good organic soil mix and you're away.

Mist-Spray Watering:

Clips onto any standard hose fitting for easy watering.

Durable:

Made from UV stabilised polypropylene. A durable and completely safe food-grade plastic for growing veggies and recyclable. Easily relocatable for temporary residents.

Rapid Growth:

Micro climate canopy enables superior growth of all plants – grow veggies up to 100% faster.

Nutrient Recycling:

Not only does the reservoir capture excess water it also recycles those valuable nutrients in your potting mix.

Ask us about our Community Programs:

Schools, Disabilities, Social Housing, Aged Care and Health Care Services and Workplace.

WHY ARE VEGEPODS SO MUCH BETTER?

- ① **Commercial Grade Canopy**
stops pests, weather and weeds
- ② **Mist Spray Irrigator**
Inbuilt high volume sprays
- ③ **Micro Climate**
Amazing growth rates under canopy
- ④ **Stands or trolleys**
Give true waist height – no more bending or knee work
- ⑤ **Overflow hole**
- ⑥ **Optional Wheels**
- ⑦ **One Foot Soil Depth**
Deep growing medium
- ⑧ **Self Watering**
Wicking reservoirs keep your plants alive
- ⑨ **Permeable Mesh**
Allows light, air and rain in.
