# Instructions

1. Wash before first use.
2. Place Kochblume<sup>®</sup> over pot with "STOP" facing up. It must be at least 2cm larger than your pot.
3. To stir or add ingredients to the pot, lift Kochblume<sup>®</sup> up.
4. When cooked, turn heat source off, lift Kochblume<sup>®</sup> with both hands and drain any liquid back into the pot.
5. Ideal to steam vegetables.
6. Save energy, the flower insert controls the boil. Reduce the heat when boil is reached until the flower insert closes.
7. Ideal splatter guard. Use with the flower insert for simmering, and without for frying or as a microwave or oven lid.
8. Dishwasher safe.

## Other products we offer:

### Glass cleaning & protection

For the cleaning and protection of glass, tiles, porcelain, stainless steel and chrome.

### DIY bath resurfacing & repair kits

Is your bath worn out, discoloured, chipped or badly stained?

Resurfacing restores your bath to its original glory and leaves a brilliant, smooth and inviting finish.
