

DESIGNER FIRE SPRINKLERS

WHERE STYLE MEETS FIRE SAFETY

We install fire sprinkler systems in the home.

From the kitchen, to the bedroom, to the bathroom, our systems run throughout the entire house; giving our clients the ultimate protection from house fires.

Our Story

“Designer Fire Sprinklers was born out of an idea to protect the things that you love the most, the things insurance can’t replace.”

The fact that more than one Australian per week loses their life in a preventable home fire compelled me to take action.

Fire sprinklers offer a vital layer of defence. They are legally required to protect commercial properties, so why not residential too? They've proven time and time again to be highly effective in containing fires and providing precious time for escape.

— Raphael Corbett, Founder of Designer Fire Sprinklers

Our Values

Excellence

We understand that every project is unique, and we pay meticulous attention to detail in every aspect of our work.

Safety

We prioritise the safety of lives and properties above all else. Our systems are designed to provide effective fire protection and ensure the well-being of everyone in the building.

Innovation

We continually strive to stay at the forefront of the industry by investing in ongoing training and keeping up with the latest advancements in fire protection technology.

Integrity

We conduct our business with the highest level of integrity and professionalism.

Sustainability

We take pride in our workmanship, delivering high-quality fire sprinkler systems that are built to last.

Our Services

We are **Australia's leading provider** of residential fire sprinklers.

At Designer Fire Sprinklers, **we believe** that luxury homes deserve both **exceptional aesthetics** and **excellent fire protection.**

We provide...

High Quality Products

At Designer Fire Sprinklers, we only use first-class materials which are designed for longevity and effective use.

Collaborative Process

We work directly with our clients, to design a high-functioning system which is aesthetically pleasing to the style of the home.

Exceptional Service

Our team is passionate, kind and highly trained; ensuring a professional standard.

Why Us?

We understand the unique needs of homeowners and work closely with architects, interior designers and builders to create fire protection solutions that enhance the value of your home.

House fires result in **64 deaths** annually in Australia. That's more than floods, storms and bushfires combined.

We will **not overlook** the **safety** of your **loved ones.**

How we Compare

Sprinkler Protected Home		Fire Brigade Response
50 Litres	Water expelled per minute	500 Litres
30-60 seconds	Response time	10 minutes
90°C	Maximum Temperature	1200°C
