

Aluminium Windows & Doors Reborn

Windows and doors have a dramatic impact on the overall presence of a property.

By engaging Systemex to recolour your existing joinery, you can achieve a fresh contemporary look for less than half the cost of replacement.

Systemex stands by it's workmanship, is recognised as a leader in aluminium joinery recolouring and is recommended by leading architects throughout New Zealand.

First established in 1994, Systemex can recolour your aluminium joinery onsite to any colour you like.

Our unique technology and trademarked process, your recoloured joinery will look as good as new!

- You get your new colour in a matter of days
- There are no security issues as all work is carried out on site
- Change colours to match your new colour scheme
- Add colour to older anodised aluminium joinery
- Match your old joinery with new joinery for a unified look

All furniture fixtures and fittings are either masked or covered with drop sheets to prevent any chance of over spray. There is no need for you to remove curtains or blinds, we do that for you!

The paint we use is imported from Holland; this paint has been used in the aviation & automotive industry for over 100 years. It is a heavy industrial paint that truly stands the test of time.

We then remove masking and replace all the handles, hardware, windows and doors that have been removed for spraying. Your home will be as secure when we leave each day as it was when we arrived.

"The result was outstanding. It has added considerably to the overall look and value of our property."

Maureen Kennedy & Brian Gibbons, Tauranga

"Systemex was meticulous because it's the kind of company that wants to do the best job possible."

Keith Hull, Mount Maunganui

"This has completely modernised the building and looks like new aluminium joinery. We would not hesitate to use Systemex again in the future or to recommend them to others."

David Shea, Quay Property Management

"Systemex produced an absolutely fantastic result and it was worth every penny."

Anders Waiker, Wellington

"I am very impressed with the staff. They are very nice young men who do an excellent job. They are clean and tidy and work in a very professional manner."

Garth McGearty, Auckland

"We are absolutely delighted with the final result. It looks as good as powder coat."

Ross MacKenzie, Christchurch
