\$244 inc. GST QingPing Pro + Air Quality Monitors

7-in-1 Monitoring
Monitor your indoor air quality and environment with the QP Pro's 7 x built-in sensors. Measure PM2.5, PM10, eTVOC, CO2, humidity, noise and temperature. Readings are stored for 30 days.

4-inch "Retina" IPS Display
454 ppi, capacitive touchscreen with auto-brightness function. Designed with an 18° tilt angle for easier viewing and operation.

Unparalleled Performance
Experience the 4-core A53 processor. The multiple high-accuracy sensors ensure fast response and reliable readings. Over time, you can upgrade the device software to get new features and bug fixes.

Say Hi! to Clean Air
Wake up and plan your day knowing your indoor air quality in real-time, with the 7 readings refreshing every second.
