Integrative Life Coach

ABOUT ME

Greetings! I am Sathivanni, naturally gifted with psychic abilities, including clairvoyance, clairsentience, clairaudience, and pranic healing.

Through my connection with the Divine Goddess, I am a conduit for her feminine energies to guide and assist my clients in achieving their goals.

As an Integrative Life Coach, I combine all my modalities, including Neuro-Linguistic Programming, to create robust transformational programs; additionally, I offer one-off sessions for Clairvoyant and Psychic services outside these programs, which can provide insight and clarity about your life.

I aim to help you accomplish your goals by providing guidance and support. My knowledge and skills will give you the clarity, healing, and direction you need to progress and achieve your aspirations.

I am thrilled to collaborate with you and support you on your journey.

CLAIRVOYANT & HOLISTIC SERVICES

CLAIRVOYANT - PSYCHIC READING Connect with you to give you information to help with specific or all areas of your life.

PSYCHIC MEDIUM READING Connect with your loved one who has passed and be their messenger to you.

ENERGY HEALING With my Pranic Energy healing ability, utilizing my AJNA (Third Eye), I can connect with your energetic body and conduct remote psychic surgery to release any ailments, pain, and trauma that manifested in your body.

By unblocking your energy centres (chakras, meridians) and realigning your heart and mind connection, I can confidently guide you towards a more harmonious and healthy state of being.
