

NOT

All fabric pads are created equally

Mae it Flow pads are made with soft 100% cotton jersey, fabric and thread with bamboo padding and a heat seal non toxic waterproofing.

Being all natural there is no irritation, no rashes, no polyester, no nylon, no synthetics or plastic fibres. Research shows natural fabric pads can reduce your flow by up to 3 days and can reduce cramping.

Benefits

Antibacterial, super absorbent, comfortable, non bulky, stay in position and have appropriate colour choices.

Bonus

They are also better for the environment as they will biodegrade in less than 10 years.

Sizes

Liner Pad

For those just in case or is it almost done times or for sneezes, coughs and laughs times.

19cm, holds up to 30mls

Extra long liner 30cm holds up to 30mls.

Classic Pad

For the mainstream times or I got this, ready to go times, everyday.

How do I care for my products

Due to the waterproofing
No softeners, No dryer, No ironing

Washing

Suitable for cold machine wash or
Hand washing –
no scrubbing, light rub only

Or

Shower stomp what is that?
Place the pad on the floor of the shower
and stomp while showering, keep away
from hair conditioner.

Hands free 😊

Drying

Clip one side of your pad to the press
stud on the drying ribbon and hang over
clothesline. Recommend no more than 3
together as this may cause miss
shaping.

Hand sewn & made in
Australia
