KNOTWOOD.COM.AU

Beauty of wood, strength of aluminium.

Knotwood offers cleverly designed **modular aluminium profiles** that come in a range of **unique wood grain finishes**. Made from 100% aluminium, all Knotwood products are non combustible, durable and require minimal maintenance.

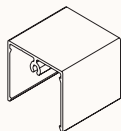

Australian Owned & Manufactured.

Our aluminium is **sourced from North Queensland** and **manufactured on the Gold Coast**. This means shorter lead times, reliable warranties and **a product that is built to Australian standards**.

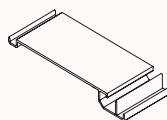

Our Profiles.

Our aluminium profiles are **seamless, flexible and easy to install**. All of our modular profiles give you **incredible customisation** with shape and size, spacing preference, batten and slat angle options, backing alternatives and a range of finishes.

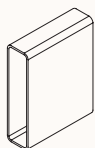

Battens

Over 20 different shapes and sizes. Great for **facades, screens, shutters, fences, awnings** and more.

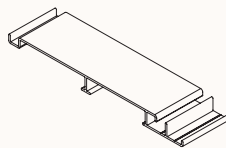

Cladding

Simple, modern cladding boards that interlock and clip together. Great for **walls, soffits and facades**.

Slats

A variety of shapes that integrate with our posts and framing systems. Great for **fences, gates, balustrades** and more.

Decking

Non combustible & heat dissipating. Great wood alternative that **does not rot or require resealing**.

Better than Wood?

To view our full colour range and detailed product information, please visit www.knotwood.com.au.

Knotwood offers the beauty of wood without the time consuming cost and maintenance. Our products are specially **designed for easy installation**, supported by an up to **15 year warranty** and are available in **over 40 different wood grain colours**.
