

# An air of style

Let design be the standout feature in your new home

Invest in sleek and discrete Daikin Ducted Air Conditioning, supplied and installed by TrimTemp.

# Air conditioning is a breeze with TrimTemp

TrimTemp have over 20 years' experience supplying and installing air conditioning.

Your TrimTemp Sales Consultant will design an air conditioning system specifically to suit the layout of your new home. We will work with you to plan and locate zones within your home, and advise on a configuration to maximise comfort, control and efficiency.

Ask your TrimTemp Sales Consultant about:

- upgrading to Daikin Ducted Air
- increasing the unit capacity
- adding zones to suit your individual needs
- installing smartphone connectivity and control.

# Daikin is the best air anywhere

TrimTemp only recommends Daikin air conditioning, and for good reason!

Daikin is a specialist in air conditioning, it's all they do. For over 80 years, Daikin has continually advanced their air conditioning innovation.

Today Daikin are market leaders, and their air conditioners are more energy efficient, simpler to use and offer the ultimate in style and reliability. With the added assurance of a 5-year warranty and after sales support and service, it's no wonder Daikin are the first and only choice for TrimTemp.

## Upgrade to Daikin Ducted Air

Daikin Ducted Air offers an all-in-one climate control solution to make your whole home a comfort zone.

Daikin Ducted Air is:

**Seamless and stylish:** You'll hardly know it's there - only the controller and grilles are visible inside your home and with all its technology hidden away, it's the quietest of all air conditioning solutions.

**Customised for comfort:** You enjoy the flexibility to heat or cool every room and can zone control your home to maximise energy efficiency.

**An investment in your home:** Ducted air conditioning will not only enhance your lifestyle, it will significantly add to the value of your home.

Add an air of style by contacting TrimTemp on telephone **[02] 9826 7379** or visit **[www.trimtempair.com.au](http://www.trimtempair.com.au)**

# AirTouch smartphone control and connectivity

AirTouch by Polyaire with Wi-Fi control is standard on all Luxe & WRI two storey Stylemaster homes. [Excludes all single storey designs and all homes from the Access series] It allows you to conveniently control and monitor your Daikin ducted system from either within or outside your home. The AirTouch App can be used on your smartphone and tablet, or the Smart Touch in-home panel.

AirTouch allows you to manage the airflow and comfort levels of each room individually for maximum efficiency, personal comfort and cost savings. All you need is a home Wi-Fi system connected to your AirTouch, and a 3G/4G network.

Add an air of style to your new home today.
